1. Mr. [REDACTED] telephoned to protest mildly about the undesirable neighborhood in which the [REDACTED] is located and to state ORR's reluctance to accept this location for the Map Library. I told him that I regretted this but thought that the Map Library would be ill-advised not to take this space before it is gone and they end up with something less desirable. It was agreed that they would accept it with the understanding that they could have a beachhead in the headquarters building of approximately 3,500 square feet. (I have notified Jim Garrison.)

2. I talked to [REDACTED] about [REDACTED] chauffeur-driven car. He has agreed to release it effective 8 October 1962 with the understanding that we will, for a period of thirty days, have a chauffeur-driven car available to Des from 5:00 p.m. to 7:00 p.m. (This will give us an opportunity to ascertain the real needs of [REDACTED] and to determine whether a chauffeur-driven car, in addition to the limousine service, is necessary.)

3. Mr. Kirkpatrick has requested that we draft a letter for General Carter's signature to the Secretary of State protesting the tuition charge of \$6,300 for the Foreign Policy Seminar run by the Foreign Service Institute. (I have asked Matt Baird to draft such a letter.)

4. Ray Cline telephoned to say that the merger of a part of the Office of Basic Intelligence with the Office of Current Intelligence would make it necessary to relocate some DD/I units in the building. I agreed to discuss this with his representatives at 9:30 a.m. tomorrow.

6. Shef Edwards and I met with Dick Helms to talk about the possibility of allowing employees of the telephone company to use the large cafeteria. We

25X1C8c want to polygraph these employees and believe that this is one concession we might make in order to get them to submit to the polygraph. There are also other considerations involved in our relations with the telephone company with which Shef, Dick, and I are familiar. We agreed that we should allow them to use the cafeteria when the small cafeteria is not open and that we should polygraph all of the employees in the building. (Shef will work this out with Sam [REDACTED] and I have so advised Jim Garrison.)

25X1C8c 7. Having learned that the Credit Union Board voted this afternoon to hire a cleared auditor to audit the Credit Union provided the Office of Security, the DD/S, and the DD/P approve, I discussed the matter with Shef Edwards and [REDACTED]. I told them that I was very strongly opposed to this action and asked them not to sign off on it without first consulting me.
